General Comment

To the Dept of Labor, President Obama and the United States Congress,

Please leave all of my retirement funds alone. Like so many Americans that know social security will not be available to me when I retire, I have taken the time and my hard earned money and put it in vehicles designed to make my retirement possible. The funds in my IRA and 401(k) is my money. I worked hard to accumulate that money. It is there for a specific purpose. Our legislators have made sure to make it very painful if any of that money gets pulled out before retirement age. I have followed the law and left my retirement money alone. Please do me the favor of leaving my retirement money alone also. I have no desire to be dependent upon the government for my next meal, a place to live, clothing or any other necessity. I will thank you to leave it alone, Bert DeJarlais
